**Financial Aid Information**

**2010 - 2011 School Year**

A Financial Aid fund has been established by the PHUMC Board of Education to help families with a portion of the tuition for any of our three weekday educational programs. Donations for the BOE Financial Aid Fund are received from PHUMC members, business partnerships, groups, and individuals. **The amount of financial aid awarded and the number of students receiving financial aid varies each year depending on the funds available.**

To apply for this need-based financial aid, a family must meet specific financial need guidelines. While any family may apply, the BOE typically funds families with extra-ordinary circumstances or families that qualify for free or reduced lunch in the public school. Families may apply for financial aid annually at registration (of program) for the following school year.

The BOE Financial Aid Application may be obtained from your School Office or by contacting Pat Malfa in the Westlake Christian School Office. *It is the policy of the Board that all student registration forms for the 2010-2011 school year be completed prior to receiving or processing a Financial Aid Application.*

**The deadline for Westlake families to apply is February 26, 2010.**

All applications submitted by the deadline will be reviewed. Unfortunately, the Board of Education anticipates that a limited amount of financial aid will be available and no late applications will be considered. Submitting an application does not guarantee that financial aid will be awarded. Families will be notified of their award status prior to April 2010.

***To request a 2010-2011 application,  
contact Pat Malfa in the School Office.***
